COURSES AND CONNECTION OPPORTUNITIES AVAILABLE

ISACA Training Week June: 6-9 June 2022 St. Louis

CISM (New Job Practice)  |  6-9 June 2022  |  32 CPE

The CISM Exam Preparation course is an intensive, four-day review program to prepare individuals who are planning to sit for the Certified Information Security Manager (CISM) exam. The course focuses on the key points covered in the CISM Review Manual, 15th Edition and includes class lectures, group discussions/activities, exam practice and answer debriefs. The course is intended for individuals with familiarity with and experience in information security management.

CISA  |  6-9 June 2022  |  32 CPE

Join an expert CISA-certified trainer and fellow exam candidates for a unique exam-prep experience. This intensive instructor-led course will cover some of the more challenging topics from the CISA job practice. Drill through sample exam items, interact and ask your most pressing questions and get the answers to build your confidence as you prepare for exam day.

IT Risk Fundamentals  |  6 & 7 June 2022  |  16 CPE

Join an expert IT Risk-certified trainer and fellow exam candidates for an unique, in-person exam-prep experience. This intensive instructor-led course will cover some of the more challenging topics from the IT Risk job practice. Drill through sample exam items, interact and ask your most pressing questions and get the answers to build your confidence as you prepare for exam day.

CDPSE  |  8 June 2022  |  16 CPE

Join a CDPSE-certified trainer and fellow exam candidates for a unique, in-person exam-prep experience. This intensive instructor-led course will provide in-depth coverage of three domains (privacy governance, privacy architecture and data lifecycle) tested on the CDPSE exam. Interact with the instructor and other candidates and ask your most pressing questions and get the answers to build your confidence as you prepare for exam day.

*Registration max. 20 per course
