

## ISACA's® Certified in the Governance of Enterprise IT® (CGEIT®) is the MOST GLOBALLY RECOGNIZED DESIGNATION

for professionals who wish to be recognized for their IT governance related knowledge and experience.

- More than 4,600 professionals in over 100 countries have earned the CGEIT designation since its inception in 2007.
- Consistently ranked as one of the highest paying and sought-after IT certifications.
- Considered a pre-requisite by many companies and governmental agencies for those employees involved with enterprise IT governance.
- Accredited by the American National Standards Institute (ANSI) under ISO/IEC 17024, an international accreditation.

### CGEIT Profile

The CGEIT certification was specifically developed for IT and business professionals who have a significant management, advisory, or assurance role relating to the governance of enterprise IT that includes:

- IS/IT Directors
- IS/IT Managers
- IS/IT Consultants
- IT Governance Professionals
- IS/IT Executives

## There is no DISGUIISING it...

**ISACA**  
Trust in, and value from, information systems

**CGEIT** Certified in the  
Governance of  
Enterprise IT®  
An ISACA® Certification

## There is no MISTAKING it...

### ...for the employer, CGEIT ensures:

- The employee has the knowledge and experience necessary to support and advance the IT governance of an enterprise.
- The employee maintains ongoing professional development necessary for successful on-the-job performance.
- The enterprise's IT and business systems operate with greater efficiencies and optimum effectiveness resulting in greater trust in, and value from, information systems.

### ...for the professional, CGEIT provides:

- A global and prestigious, lifelong symbol of knowledge and expertise.
- Competitive advantage that will distinguish you from your peers.
- Higher earnings and greater career growth.
- The benefits of becoming part of an elite peer network.
- The ability to leverage the tools and resources of a global community of industry experts.

“The CGEIT qualification provides me with the credibility to discuss critical issues like governance and strategic alignment based on my recognized professional knowledge, skills and business experience.”

— Vernon R. Poole, CGEIT, CISM,  
Head of Business Consultancy,  
Sapphire Technologies Ltd.

## There is no DISPUTING it...

### CGEIT proves you've got what it takes!

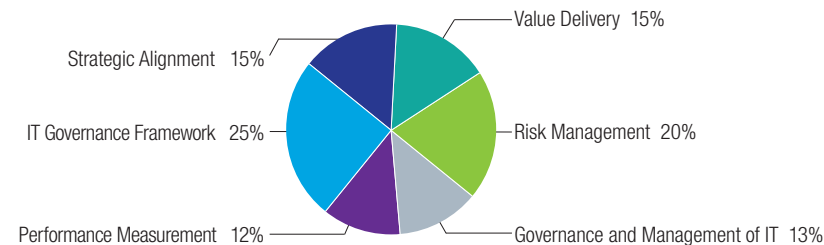

Certification requirements combine the achievement of passing an exam, with credit for applied industry work experience.

#### About the CGEIT exam

- The exam consists of 120 questions and is offered at hundreds of locations worldwide.
- The content of the exam covers six content areas or domains, which are based on an extensive Job Practice Analysis conducted by industry leaders and subject matter experts from around the world, and reflect the most current practices.
- The six domains contain tasks and knowledge statements which depict the tasks performed in the field and the knowledge required to perform these tasks.
- Exam candidates will be tested based on their practical knowledge associated with performing these tasks.

#### CGEIT exam consists of six domains based on Professional Job Requirements

#### Requirements for earning the CGEIT Certification\* –

- Five or more years of verified experience managing, serving in an advisory or oversight role, and/or otherwise supporting the governance of the IT-related contribution to an enterprise.
- Substitutions and/or requirement waivers exist for work experience and/or successfully completed educational degrees, programs or credits may apply. Please refer to a CGEIT application or [www.isaca.org/cgeitinfo](http://www.isaca.org/cgeitinfo) for more details.

\*Yearly CPE quotas and maintenance fees apply to maintain certification.

## There is no STOPPING it...

- SC Magazine selected CGEIT as a finalist in the 2011 “Best Professional Certification Programs” — Professional Awards category. CGEIT was named a finalist by a panel of 22 chief information security officers (CISOs) at major corporations and large public-sector organizations.
- Managing operational and IT risk has surpassed regulatory compliance as the top governance priority, according to AMR Research, Governance, Risk and Compliance Spending Report, 2008-2009.
- “Becoming CGEIT certified will give you recognition for your work [in the governance of enterprise IT]. More importantly, you become part of an elite group, which has done the best practices in implementation and governance.” Ravi Mankikar, CISA, CGEIT, General Manager, The Shamrao Vithal Co-operative Bank, Ltd.
