- Costa Rica 9%
- Ecuador 4%
- **Mexico** **18%**
- Panama 4%
- Paraguay 1%
- Peru 7%
- Puerto Rico 5%
- Uruguay 2%
- Venezuela 2%
- Other 8%

About the 2011 IT Risk/Reward Barometer

The IT Risk/Reward Barometer is based on March 2011 online polling of 2,765 ISACA members from 62 countries, including 235 members in the Latin America region. The study, now in its second year, helps gauge current attitudes and organizational behaviors related to the risks and rewards associated with IT projects and emerging trends. To see the full results, visit www.isaca.org/risk-reward-barometer.
