CSX: CSX-P Bootcamp (Chicago: July 31st - August 4th, 2017).

President

Alexander Abramov

Message from the Chapter President:

Dear Members,

The last year was a year of many accomplishments, we've expanded our membership, provided solid and diverse programming, assisted more professionals to become certified, created more opportunities for networking. In recognition of this work, we've received 2016 K. Wayne Snipes Award for Best Very Large Chapter in North America, shared with ISACA New Jersey Chapter.

We've formalized the Strategic Planning process for the Chapter and will be implementing it starting next month. The process references ISACA Risk IT framework and will advance our mission to help technology professionals to achieve their professional and personal development goals.

The main focus areas would include:

- * Enhance alignment between member needs and Chapter activities
- * Continue to increase membership participation in programming and running the chapter; offer more opportunities for volunteering and leadership development
- * Strengthen our operations, encourage Board member's initiative and delegation.

We are striving to be the highest value education provider for technology professionals in the area, and I believe we are well positioned to be recognized as a leader in that category.

The Board, Officers, and I are interested in your thoughts about the Chapter work and are looking forward to hearing your ideas and the ways you would like to contribute to the Chapter and the profession.

Alexander Abramov,

President 2017-2019

MEMBERSHIP

Committee Chair [Matthew Poswolsky](#)

Overview

The Membership Committee coordinates membership meetings, as well as recognition events and social events (e.g., annual golf outing). These events are excellent opportunities for members to hear about Chapter news and initiatives, learn about a current topic of interest, and network with other ISACA professionals. Current committee members are: Matthew Poswolsky, Teena Bacchus, Michael Shanahan and Travis Vance.

Networking is a vital part of keeping up with current technology and trends. The quarterly Chapter membership meetings provide an opportunity for members to hear about Chapter news and initiatives, learn about a current topic of interest, and network with other ISACA professionals. Other fun and interesting events are held periodically to provide additional educational and networking opportunities.

Call to Action

If you are interested in planning fun and exciting events, please contact membership@isacany.org or click [here](#) for volunteering information.

Upcoming Events

- **August 23rd - Summer Social and New Member Welcome**

Come join us and network with fellow Young and Experienced IT audit, security, risk and governance professionals at one of the largest private roof top terraces in Midtown! Enjoy appetizers, drinks and speak to newly elected Chapter leaders about volunteer opportunities within the chapter and our community outreach programs. Learn more about the ISACA organization and the New York Metropolitan Chapter. [Click here for more information and registration.](#)

- **September 10th - Susan G. Komen Walk**

As part of the Chapter's Corporate Social Responsibility initiative, we have once again organized a team to represent the New York Metropolitan Chapter at the Susan G. Komen Race. Come join our team, support cancer research, and enjoy a lovely walk or run in Central Park. [Click here for more information and registration](#)

- **September 14th - Golf Outing and Membership Meeting**

Registration for this event will be opening soon. Come and enjoy a fun filled day at the New York Metropolitan Chapter's 12th annual golf outing at the North Shore Towers Country Club in Floral Park. This classic event offers a great opportunity to network with your fellow IT audit, assurance, security, and risk management professionals in a relaxing and enjoyable environment. All levels of players are welcome. We honor both the best and the most honest golfers. This golf course is uniquely designed to challenge golfers of all skill levels. Back by popular demand, we are offering an optional Membership Meeting that is eligible for 3 CPE credits. [Click here for more information and registration](#)

Save the Date:

- October 30 - Fall Membership meeting
- December 14th - Winter Membership Meeting

Recent Events:

- **June 15th, 2017 - Annual Gala and Wasserman Award Dinner:**

A record number of members and guests were at the Union League Club to honor this year's Joseph J. Wasserman Award recipient, Robert Roussey. The evening included a cocktail hour followed by dinner and dessert. Updates, introductions and acknowledgments were provided by Chapter President, Marguerite McCarthy and President-Elect Alex Abramov. The evening was highlighted by the presentation of the Wasserman Award by Past President Alex Josephite to Robert Roussey. Robert Roussey shared his experiences as a volunteer for ISACA, the AICPA, and other organizations, and advised balancing family, career, and volunteerism, the evening would not have been such a success if not for the considerable time and efforts from the gala volunteers, Raquel Sousa Gomes, Mian Wang, Bibiane Epouhe, Jonathan Gutierrez, Cheslea Fox and Sidhu Simerjot. Thank you all.

In addition, we would like to thank our Diamond Sponsor, tmg-edia, Inc., and Platinum sponsors, EY and Protiviti.

Below are pictures from the evening. We look forward to seeing you all at next year's Gala!

Please be sure to register early for the upcoming classes.

Data Privacy for IT auditors and Security Professionals

- September 13 & 14, 2017

Location: *The Lofts at Prince, 177 Prince Street, New York, New York 10012 USA*

This is a two day seminar combining lectures with a hands on case study based workshop that introduces I.T. Auditors and Information Security Professionals to the

This is a two-day seminar, combining lecture with a hands-on, case study based workshop that introduces I. I. Auditors and Information Security Professionals to the principles, practices, legislation and governance of Personal Information Privacy. It includes standards, methodology and audit and review techniques for both business and Information Technology resilience and recoverability.

Intended audience:

I.T. Auditing managers and staff, Information Security managers and staff, Risk Managers, I.T. operations personnel, Internal Financial and Operational Auditors, Corporate Management, Chief Financial Officers, Chief Privacy Officers and their staff, compliance personnel.

Learning objectives:

Participants will gain a deep understanding of personal information including:

- What's privacy all about?
- What's driving privacy?
- What are the business benefits of privacy compliance?
- What are the risks of non-compliance?
- Dealing with multi-jurisdictional legislation and regulations
- Creating a privacy compliant organization
- Establishing privacy baselines
- Monitoring privacy initiatives
- Responding to a privacy breach
- Privacy reporting
- Sustainable compliance
- Addressing future privacy trends

Instructor:

Steven Ross (CISA, CISSP, MBCP) is Executive Principal of Risk Masters International. Mr. Ross is a specialist in the field of Risk Management and information systems security and control who has implemented Risk Management programs for numerous banks, government agencies and industrial corporations. Prior to founding Risk Masters, Mr. Ross was a Director and global practice leader with Deloitte. For more details on this speaker, please visit the [CVENT](#) page.

Robert Parker is a former Partner at Deloitte & Touche with over 40 years of experience in information technology and computer security and controls. He is also a founding member of the AICPA-CICA joint Canada - United States Enterprise-Wide Privacy Task Force, where he had responsibility for developing their Privacy Maturity Model. He has authored more than 6 books on various information security subjects. For more details on this speaker, please visit the [CVENT](#) page.

The Power of Emotional Intelligence: Why It Is Your Unique Advantage!

- October 11th 2017

Location: TBD

ISACA NY is hosting The Power of Emotional Intelligence: Why It Is Your Unique Advantage! Emotional intelligence has become one of the hottest buzzwords in corporate America! Yet few information security, assurance, risk management and governance professionals know exactly how they can use emotional intelligence in interviews, investigations and all of their professional (as well as personal) responsibilities to achieve greater success!

Research has proven that emotional intelligence is often times more important than the technical skills required to get the job done! Few professionals know the five levels of EI and even what their own personal EI level is. Come hear speaker extraordinaire, Julie Kowalski share exactly what EI is, how it is assessed/measured, take an EI assessment to learn your personal current level of EI and the specific steps you can take to dramatically improve your Emotional Intelligence score as well as hands on skill building exercises to apply the knowledge you learn immediately into your job as an auditor/financial professional!
