President's Message

Dear Chapter Members,

The holidays are almost here starting with Thanksgiving this week. Wishing you all and your families a safe and enjoyable Thanksgiving 2014. The retailers atleast seem to have made this a month-long event. Please note that in January it would be a joint meeting with IIA. This month our own Lisa Moorer is going to have a presentation about an interesting topic, VENDOR MANAGEMENT using COBIT[®] 5. Hope to see you all there.

As mentioned by John Spain, our certification coordinator, please respond to the survey if you are interested in attending the boot-camp. You need to pay only for the books and last year we had a very positive feedback.

As always please let us know if you are interested to volunteer or have any topics or other training suggestion. Please feel free to contact us at isacacentralok@gmail.com with any suggestions..

Thanks and Welcome,

Jay Thirumalai
President, ISACA Central Oklahoma

Speaker's BIO

Lisa Moorer has had opportunity of a diverse IT profession to include operations, quality software assurance, change management, internal audit, and risk and compliance. Currently, Lisa serves as a Senior IT Risk and Compliance Analyst for The Hertz Corporation's IT Security Services team.

Topic Synopsis

Let's walk through ISACA's newest publication to increase our awareness of vendor management. We'll cover how to use this guide, who are stakeholders, implementation approach (tools/templates available), and threats/risks with inadequate vendor management program and mitigating actions.

Please Join Us!

Cybersecurity Fundamentals Certificate Exam Now Being Offered

The Cybersecurity Fundamentals Certificate exam, which is geared toward anyone interested in pursuing a career in cybersecurity, can be taken online. The certificate aligns with the US National Institute of Standards and Technology (NIST) National Initiative for Cybersecurity Education (NICE) and the Skills Framework for the Information Age (SFIA). To earn the certificate, you must pass the exam and agree to adhere to ISACA's Code of Professional Ethics. ISACA has created the [Cybersecurity Fundamentals Study Guide](#) to help learners prepare for the exam.

For more information on the Cybersecurity Fundamentals Certificate, visit the [Cybersecurity Nexus](#) page of the ISACA web site.

The Knowledge Center

The Objective is Participation....

...the Goal is Community

ISACA's Knowledge Center is an online meeting place for IT professionals who share common professional interests. Participants can consume information, exchange expertise and experiences and build new understanding through collaboration.

Certification Exam Update

CRISC job practice—The CRISC job practice will be changing with the June 2015 exam administration. Individuals who have been studying under the current job practice should be encouraged to test in December 2014 as this is the last exam that will be offered under the current job practice. To view the new job practice, visit the [Job Practice Areas 2015](#) page of the ISACA web site.

[Share this! Tweet:](#) You passed the exam—now apply for your #ISACA certification so you can use those letters after your name. <http://ow.ly/Alago>
