## President's Message

Dear Chapter Members,

Hope you all fun Spring Break and looking forward to change to the nicer weather. I also wish you all enjoyed the joint effort presentation with True Digital Security. It was interesting topic and also an opportunity to network and especially a different menu than Ted's.

After the multiple presentations on the IT Security side, this month we have one our own members presenting about IT Audit Function evolution at his organization with some case study examples. Hope to see you all there.

As always please let us know if you are interested to volunteer or have any topics or other training suggestion. We are desperately looking for volunteers, current Treasurer Position as well as any volunteers for the board for next year. Please feel free to contact us at [isacacentralok@gmail.com](mailto:isacacentralok@gmail.com) with any suggestions.

Thanks and Welcome,

Jay Thirumalai

ISACA Central Oklahoma Chapter President

## Please Join Us!

March 2015

Meeting

Thursday, April 2, 2015

11:30am to 1:00pm

Ted's Cafe Escondido

[RSVP](#) online by Tuesday, March 3, 2015, 5PM. Please email our Treasurer if you have trouble with online registration at [isacacentralok@gmail.com](mailto:isacacentralok@gmail.com)

## Speaker's BIO

Tim Marley is the IT Audit Director for all of the University of Oklahoma, Cameron University and Rogers State University campuses. Tim earned a Bachelor of Accountancy degree from the University of Oklahoma in 1990, followed by his CPA in 1995. With over 25 years in information technology, Tim worked on regulatory compliance and IT governance as a member of the OUIT security team before joining internal audit in 2011. Before OU, he was the Network and Security Manager for the national clothing chain, "Harold's", where his team managed the network and server environment, IT security, and compliance for PCI, HIPAA and GLBA. Tim currently serves on the SANS higher education advisory board and the Global Information Assurance Certification (GIAC) advisory board.

## Topic Synopsis

A case study on the evolution of the IT audit program at the University of Oklahoma since its creation in 2012. This will include a breakdown on the audit universe, the approach to the audit plan and how we staff various engagements. We'll take a look at the types of audits we have completed to-date and explore some of the challenges we face as well as how we attempt to overcome those challenges.
