President's Message

Dear Chapter Members,

This would be the last meeting and also the general body meeting. As in the past we are again meeting at Dave & Busters and an opportunity to network mixed with fun. Hope to see you all there. We also have our own John Spaid with one of his interesting speeches.

I would like to take this opportunity to thank all our board members for their support this past year. I would like also to thank all the members who have volunteered at other events such as Interface and Innotech Conference to man the chapter booth.

Due to a few board positions being vacant we couldn't focus as much on providing training opportunities and hopefully we would be able to address that.

As always please let us know if you are interested to volunteer or have any topics or other training suggestion. Please feel free to contact us at isacacentralok@gmail.com with any suggestions.

Thanks and Welcome,

Jay Thirumalai

ISACA Central Oklahoma Chapter President

Please Join Us!

May 2015

Meeting

Friday 15, 2015

11:30am to 1:30pm

Dave & Buster's

5501 N May Ave, OKC, OK

Speaker / Topic:

Speaker: John Spaid, CISA, CISM, CISSP, Security Analyst, American Fidelity Assurance

Topic: Current State of Public Key Infrastructure (PKI)

CPE: 3 Hours

Member Price: \$20

Non-Member Price: \$25

Menu: Buffet Style

[RSVP](#) online by Tuesday, March 3, 2015, 5PM. Please email our Treasurer if you have trouble with online registration at isacacentralok@gmail.com

(No shows will be billed)

Speaker's BIO

John Spaid is a Security Analyst at American Fidelity Assurance. He holds a Bachelor's degree in MIS from Mid-America Christian University, and his certifications include a CISA, CISM, and CISSP. John was a police officer at the Oklahoma City Police Department for seven years before entering IT security in the financial services industry. He runs the managed-public and internal Microsoft Public Key Infrastructures at American Fidelity. John also consults with small-to-medium sized businesses in the OKC and Dallas Metro areas, and is a Microsoft Partner.

Topic Synopsis

John will cover the current state of public key infrastructure and SSL/TLS on the internet. As the world transitions from SHA-1 to SHA-256, many organizations are asking what needs to be done to their infrastructure and web presence to maintain a secure reputation. John will outline what is changing, and what companies can do to address the risks posed by these changes.

ISACA's First
CSX Conference

REGISTER TODAY!

With a focus on widening the expertise of cybersecurity professionals while equipping them to prevent such breaches, ISACA[®] invites you to join your peers at the first cybersecurity conference of its kind, **19-21 October** at the **Marriott Wardman Park in Washington, DC.**

Annual General Membership Meeting

Nominations for this year board are the same as those currently serving. Eric Collins has volunteered to serve as Treasurer.

2014-2015 ISACA Central Oklahoma Chapter Board
