

Free ISACA Certification Boot Camps!

Earn the ISACA Certified Information Systems Auditor (CISA), Certified Information Security Manager (CISM), Certified in the Governance of Enterprise IT (CGEIT) and Certified in Risk and Information Systems Control (CRISC) certifications and get recognized internationally! ISACA certifications are globally accepted and recognized, giving you the credibility to move ahead in your career.

ISACA Malaysia Chapter is organizing **CISA, CISM, CGEIT & CRISC Boot Camps** over the weekends to better prepare exam candidates for the examinations. Based on the training module prepared by ISACA International, these classes focus exclusively on the essential areas covered in the CISA, CISM, CGEIT and CRISC exams to assist candidates in preparing for the examination. The trainers are qualified professionals with at least 10 years of working experience with technical skills and knowledge of the specific domain(s).

A brief summary of each ISACA certification is as below:

Certification	CISA	CISM	CGEIT	CRISC
Description	The CISA designation is a globally recognized certification for IS audit control, assurance, and security professionals.	The management-focused CISM certification promotes international security practices and recognizes the individual who manages, designs, and oversees and assesses an enterprise's information security.	CGEIT recognizes a wide range of professionals for their knowledge and application of enterprise IT governance principles and practices.	CRISC certification is designed for those experienced in the management of IT risk, and the design, implementation, monitoring and maintenance of IS controls.
Domain	w.e.f. 2016	w.e.f. 2017	w.e.f. 2013	w.e.f. 2015
1	The Process of Auditing Information Systems (21%)	Information Security Governance (24%)	Framework for the Governance of Enterprise IT (25%)	IT Risk Identification (27%)
2	Governance and Management of IT (16%)	Information Risk Management and Compliance (30%)	Strategic Management (20%)	IT Risk Assessment (28%)
3	Information Systems Acquisition, Development, and Implementation (18%)	Information Security Program Development and Management (27%)	Benefits Realization (16%)	Risk Response and Mitigation (23%)
4	Information Systems Operations, Maintenance and Support (20%)	Information Security Incident Management (19%)	Risk Optimization (24%)	Risk and Control Monitoring and Reporting (22%)
5	Protection of Information Assets (25%)	-	Resource Optimization (15%)	-

Exam candidates who have **studied the exam manuals and attempted on the QAE** are encouraged to join the Boot Camps to tap on the brains of the trainers on how to answer the examination questions, to have your enquiries on any of the Examination domains answered and most importantly to have fun among other fellow candidates who are taking the same examinations as you.
