

## ISACA MALAYSIA CHAPTER GET TO KNOW MEMBER

### QUESTIONNAIRE

**1. Please share with us a little background about yourself**

I'm the youngest in the family of 4 girls from Penang. I have moved down to KL since 2001 due to work opportunity. My dad and sisters are still in Penang. I'm SAE... that's Single and Enjoying 😊.

Currently I'm working as Security Analysts Sr Advisor (in the Governance, Risk & Compliance team) in Dell Cyberjaya. Before I joined Dell, worked at Pacific & Orient Berhad as an Internal Auditor for 8 years.

**2. Please tell us on how you became a member in ISACA and what was your first impression of it?**

I was being audited by the external auditor in my previous company. That time, I didn't have CISA certification. I was recommended to sign up as ISACA member (thus I signed up in 2002) and at the same time take up the CISA certification (managed to pass in 2005 – the last batch for the 75% marking scheme).

**3. What do you find most interesting about getting involved in ISACA events?**

Getting CPE points for attending evening talks. In addition, I get to meet different people from different organisations.

**4. How do people commonly describe about yourself?**

I asked a few friends, and these were what was mentioned:- Funny, helpful, friendly, thoughtful, kind, easy going... (I think they are kind to me 😊)

**5. What do you do during your leisure time?**

Surfing the internet (FB and watch online movies), cooking, sleeping. I also do help out in some charity events (I'm known to help NASAM – National Stroke Association of Malaysia. I sell the NASAM food and fun fair coupons during the ISACA AGM event. 😊)

**6. What is the one thing which most people would be surprised to know about you?**

I have no idea. Probably people are surprise that I don't really know Hokkien dialect (I'm from Penang – orang Penang don't know Hokkien... I'm a Cantonese)

**7. Who is your role model in life?**

## **ISACA MALAYSIA CHAPTER GET TO KNOW MEMBER**

No one in particular (probably my parents). Of late, I admire any people with disability that are successful (eg Nicholas Vujicic, Helen Keller, etc). They can survive with their disabilities so I shouldn't complain about my life.

**8. What is your personal philosophy about life?**

Be healthy and helpful to others.
