

## Welcome...

Hello,

Thanks to all those who made the February meeting a success. We had a great crowd, Sayontan Basu-Mallick and Rosanna Stettler provided a unique, client / auditor perspective, and our friends at Montgomery Inn provided great service.

After the program I noticed exceptional comradery. It was great to see so many old and new friends sharing their perspectives on working in data security. I heard senior leaders discussing strategies for hiring talent. I heard friends connecting after several months on the audit trail. Some road warriors were in town and able to visit with colleagues. It all reminded me of the value of the dinners and the conversation every month after the presentation.

Once again this month, Aaron White, our VP of Programs, has arranged an excellent speaker for our monthly meeting. Our March presentation will continue the data security and cloud security themes. Chris Huntington, from Nexigen, has deep technical experience with security and compliance and we are fortunate to have him as our guest. Please plan to join us, enjoy the presentation, and stay for the dinner and conversation "after the presentation."

See you at the Original Montgomery Inn!

Robert Ramsay  
Greater Cincinnati ISACA Chapter President

# Monthly Meeting

**Date.** March 7, 2017

**Location.** Montgomery Inn, Montgomery

**Time.** Networking 5:30; Presentation 6pm; Dinner 7pm.

**Topic.** Securing the Cloud with Cloud Services

**Speaker.** Chris Huntington, NEXIGEN

Chris Huntington is the Chief Information Security Officer for Nexigen in Newport, KY. With over a decade of experience in a broad range of IT and business roles, Chris has worked on security and compliance initiatives in the SMB, Mid-Market, Enterprise, and Public Sectors. He has managed successful compliance projects for PCI and HIPAA as well as building ground up security programs. Chris has also been a speaker at many security and non-security conferences on several aspects of cyber security.

Chris holds certifications from (ISC)2, Microsoft, and CompTIA. He is a 2015 graduate of Northern Kentucky University's Organizational Leadership program and is currently pursuing a Master of Science in the Executive Leadership and Organizational Change program also at NKU. He serves on the Boards of Directors for Techdefenders and the Cincinnati Tri-State (ISC)2 Chapter.

**Overview.** In this session, we will discuss key principles and how to bring them to cloud services. I will go over integrating 2 Factor Authentication for protection, enabling a virtual firewall appliance for cloud services, and 2 key authorization for major changes to production. I will also present the basics of Azure Security Center and data collection. We will cover using cloud scalable services to protect the scalability and security of the cloud service that you are using.

## Northwest Ohio ISACA Chapter - CSX Fundamentals Exam Review Course

**Date/Time:** Wednesday, March 22, 2017

8:30 - 4:30 (the times may be subject to change, but it will be an all-day program)

**Instructor:** Mr. Robert Ramsay, CPA, CISA, CITP.

**Location:** University of Toledo Main Campus, University Computing Center

**Topic:** CSX Fundamentals Exam Review Course

**Speaker Bio:**

The Northwest Ohio ISACA Chapter will be hosting a full-day CyberSecurity Nexus Fundamentals (CSX) review program. As the entry point into the cybersecurity program, CSX offers a certificate in the introductory concepts that frame and define the standards, guidelines and practices of the industry. Additional information about the program can be found [here](#). Following are some particulars about the program:

**Cost:**

**Members:** \$25, for all ISACA members in good standing as of March 1st

**Non-Members:** \$200. However, if you register to become an ISACA member before March 1st, you will receive the nominal member rate (\$25).

**Cost of Materials:** Included in the cost of registration.

The course/program is designed to cover all of the topic areas necessary to prepare you for taking and passing the CSX certificate exam.

Members and nonmembers alike are welcome to participate in this training program

[Click here to register!](#)

## Auditing Active Directory and Windows (Hands-On)

This 3 day course focuses on identifying the risks that are specific to an Active Directory and Windows environment. The Windows operating system is typically well known and utilized, but can be difficult to secure since there are a large number of security options available. This course provides the tools and techniques to effectively conduct an Active Directory and Windows audit. Hands-on exercises give students the opportunity to conduct an audit on their own Windows system, as well as understand the different security options that Windows provides.

### COMPUTERS WILL BE PROVIDED TO ATTENDEES

Class size is limited to 25 participants

[Additional Class Details](#)

### Instructor:

Tanya Baccam, CPA, CISSP, CISA, GCIH, GCFW, CISM, OCP DBA  
President Baccam Consulting, LLC and SANS Senior Consultant

[Instructor Bio](#)

### When:

March 22-24, 2017

8:00 AM – 8:30 AM Registration and Refreshments

8:30 AM – 4:45 PM Class Time (With 2 Breaks and 1 Hour for Lunch)

### Fees:

If registered on or before **February 22 2017** the fees are as follows.

\*ISACA Member: \$700.00

Non-Member: \$900.00

\*Central Ohio Chapter IIA and ISSA Members (ONLY) may also sign-up at the membership rate.

If registered **AFTER 2/22/16** there will be an additional \$100 charge.

All fees include course materials and use of computers at New Horizons Computer Learning Center. **Lunch is not included.**

### Location:

New Horizons – Computer Learning Center

460 Polaris Parkway, Suite 150

Westerville, OH 43082

# Job Opportunities

**Company:** TriHealth

**Position:** Lead IT Audit Manager

**Principle Accountabilities.**

The Lead IT Audit Manager is responsible for conducting independent, objective IT audits in accordance with IIA standards; ensuring effective communication to Management of results/recommendations to assist in achievement of business objectives; and serving as a resource to the audit team during execution of IT procedures on operational, financial or integrated audits, where applicable.

The Lead IT Audit Manager works closely with the IT Audit Manager and Director Internal Audit to develop and execute a comprehensive, risk-based audit program focused on:

- Adequacy and propriety of internal and operational controls
- Assessment of efficiency and effectiveness of processes and systems
- Identification of performance improvement and best practice opportunities. Audit scope includes, but is not limited to, IT general control reviews, application controls reviews and information security assessments as well as client assistance and projects as requested by Management.

**Knowledge of the following concepts/framework:**

- IT and IS governance (policies and procedures, ITIL) and processes
- IT general and application controls
- SDLC methodology; data governance and integrity
- IS security and related frameworks (i.e. HITRUST, NIST, COBIT 5.0, ISO, DRP, BCP)
- IT risk assessment and management processes (i.e. security, vendor/third party, hosted systems); and Data analytics.

**Job Requirements.**

Minimum Education: Bachelor's Degree

Field of Study: Accounting Field of Study (Other): Information Systems, Finance

**Contact Information.**

For inquires or to apply, contact Bruce Miller at [Bruce\\_Miller@trihealth.com](mailto:Bruce_Miller@trihealth.com) or 513-703-2253. To apply, go to <http://www.trihealth.com/discover-trihealth/your-trihealth/careers> and use Req #115884.

# Job Opportunities

**Company:** The Cincinnati Insurance Company

**Position:** Senior IT Internal Auditor

**Location:** Fairfield, OH

## About the Company :

The Cincinnati Insurance Company, a subsidiary of Cincinnati Financial Corporation, stands among the nation's top 25 property casualty insurer groups, based on net written premiums. Our commitment to the independent agency system began in 1950 and is our company's core strength and competitive advantage. We excel by offering agents and policyholders a local presence, unparalleled claims service, loss control consultation services, work-saving technology initiatives, and competitive products, rates and compensation. Selected associates receive a comprehensive salary and benefits package, including a matching 401(k). Equal Opportunity Employer.

## Job Description:

Our Internal Audit department is seeking a talented, experienced and motivated senior IT internal auditor to exert meaningful influence over our IT risk assessment and auditing processes. The selected professional's audit scope will include our large, centralized IT department, which manages a complex technology environment and is subject to a variety of federal and state level regulations. Our Internal Audit department reports through the Internal Audit Officer directly to the CEO (administratively) and the Audit Committee of the Board of Directors (functionally).

Little to no travel is required.

## Specific Responsibilities:

- researching and understanding our company's IT-related processes, data and systems
- developing and preparing IT audit plans
- conducting IT audits, including Sarbanes-Oxley general IT controls testing
- making innovative recommendations for improving efficiency, effectiveness and internal control
- preparing and presenting reports to management
- using data mining and interrogation tools and techniques
- performing special projects
- participating in overall Internal Audit risk assessment and planning
- building productive working relationships with peers, reviewers and management
- interacting with and assisting our external auditors from Deloitte & Touche LLP
- working with other team members to develop best practices and a base of knowledge for future use
- pursuing and maintaining one or more of a list of selected professional designations
- participating in professional organizations and opportunities to enhance personal and professional growth
- establishing mentoring relationships within Internal Audit and throughout the company
- staying current with emerging issues affecting the IT auditing profession
- seeking opportunities to improve technical and management skills through continuing education, seminars, etc.

## Job Requirements:

**Experience that includes at least two years with one or more of the following is required:**

- IT auditing for a professional services (ideally Big 4) firm
  - performing IT control audits, including application and infrastructure, information security, and change management
  - conducting and supporting external audits of consolidated financial statements in accordance with AICPA and PCAOB auditing standards
  - performing detailed security reviews of various IT environments, including Oracle, DB2, SQL, PeopleSoft, SAP, Unix, and Windows Active Directory
  - performing data analytics utilizing ACL, MS Access, Excel (with pivot tables, vlookups, hlookups, and filters) and/or SAS
-

# Job Opportunities

## **Job Requirements (Continued).**

- using programming languages such as .Net, Java, C# and database management systems such as MS SQL, DB2, and Oracle.
- testing the design/implementation and operating effectiveness of internal controls
- performing SSAE16 (SOC1 or SOC2) planning, testing and reporting

## **To be considered, candidates must also have the following qualifications:**

- bachelor's degree in information systems, computer science, information technology, data analytics, accounting, insurance or a related field that promotes analytical thinking or specific knowledge of our company's business
- undergraduate GPA of 3.0 or better
- commitment to integrity and ethical behavior
- excellent oral and written communication skills
- professional, business-like demeanor
- strong interpersonal and relationship building skills
- ability to work both independently and as part of a team with professionals at all levels
- ability to prioritize tasks, work independently on multiple assignments and manage ambiguity
- ability to think critically, objectively, and analytically with an appropriate level of skepticism
- ability to determine control objectives, identify control procedures that address those objectives, and assess the adequacy of those procedures
- ability to manage project work to meet budgets and agreed timelines
- flexibility to work extended hours when necessary
- working familiarity with various application systems (such as PeopleSoft and SAP), operating systems (such as Windows, AIX and z/OS), network management technologies (such as Active Directory and LDAP), and database management systems (such as MS SQL, DB2, and Oracle)
- at least a basic knowledge of internal control frameworks such as COBIT and COSO

## **Candidates may be further differentiated based on the following:**

- master's degree in a technology or business-related field
- extraordinarily relevant prior work experience
- pertinent professional designations (such as CISA, CISSP, PMP, CPA, CIA, or CMA)
- strong professional references
- Experience with TeamMate and data mining/analysis tools, including ACL or SAS

# Job Opportunities

**Company:** Clark Schaefer Consulting

**Position:** IT Audit Consultant

**Location:** Cincinnati and Columbus, OH

## About the Company :

Clark Schaefer Consulting is an established professional services firm associated with Clark, Schaefer, Hackett CPAs, one of the top public accounting firms in the region. As a firm, we have been performing consulting services within the Cincinnati business community and surrounding area for 10 plus years and prior to that time, as part of our CPA firm affiliate for 75 years. Due to increased demand from our clients and the outlook for our services in 2016, we are currently seeking information systems professionals as consultants for full-time, salaried positions at our Cincinnati and Columbus locations.

By design, we serve a diverse set of regional clients ranging from the Fortune 1000 to privately held corporations. As a regionally based firm, we believe we offer an ideal work-life balance for those who enjoy client service work, but want to avoid the extensive travel and time requirements of the national firms. If you are interested in having diversity in your work experience; expanding your personal knowledge base; and being part of assisting the top companies in your community as they improve their operations, this is a great opportunity for you.

## Job Description:

Based upon skills and experience, the successful candidates will join a team of professionals performing a range of IT audit, internal audit, and other related information system services. These services could include IT audits, process improvement, policy/procedure development, disaster recovery reviews, network architecture assessments, IT risk assessments, application control reviews, systems implementation assistance, and a wide variety of other technology related services. For more details on specific potential projects, please visit our website for a listing of the services we typically perform which might fit your background and skills.

## Primary Responsibilities:

- Provide IT auditing and other technology related services to fulfill individual engagement requirements.
- Assist with the development of project plans, methodologies and client proposals as needed.
- Maintain a consistent level of chargeable hours to fulfill annual billable expectations.
- Travel to client locations as required throughout the year.
- Maintain a commitment to continuing education and professional development.

## Education & Experience:

- Bachelor's degree in technology or related field.
- Relevant IT audit or information technology experience.
- Professional certifications such as CISA, CISM, CIA, CISSP are a plus.
- Excellent written and verbal communication skills.
- Ideal candidate would have 1-4 years of experience.

## To Apply:

Please e-mail your resume, cover letter and salary history to [recruiting@clarkschaefer.com](mailto:recruiting@clarkschaefer.com) . For more information concerning our Firm and services, please visit [www.clarkschaefer.com](http://www.clarkschaefer.com).

# Job Opportunities

**Company:** Fifth Third Bank

**Position:** IT Audit Staff or Senior

**Location:** Cincinnati, OH

## About the Company :

Fifth Third Bancorp is a diversified financial services company headquartered in Cincinnati, Ohio. As of December 31, 2014, the Company had \$139 billion in assets and operated 15 affiliates with 1,302 full-service Banking Centers, including 101 Bank Mart® locations, most open seven days a week, inside select grocery stores and 2,638 ATMs. Fifth Third operates four main businesses: Commercial Banking, Branch Banking, Consumer Lending, and Investment Advisors.

## Job Description:

Conducts IT governance, infrastructure & support, integrated business process and application audits for various lines of business/functional areas within the Bancorp. Primary responsibilities include performing IT audit activities in the planning, fieldwork, reporting and wrap-up phases in accordance with established standards. Seniors will be responsible for supervision of assigned staff personnel (typically leads 1-2 staff per audit) and ensuring that the execution of all audit phases is conducted in accordance with established standards.

## Specific Responsibilities:

- Ensure execution of all audit activities in the planning, testing, reporting and wrap-up phases are in compliance with the Audit Division's methodology /standards and within the timeframes to support department metrics
- Challenge, validate and execute test strategies to determine the effectiveness of internal controls and compliance with regulations; incorporating appropriate tools, techniques and technology.
- Establish, foster and maintain working relationships with peers and supervisory management within the business line and cross-functional lines to support an effective workflow, continuous communication and value to customer.
- Participate in departmental processes and initiatives that promote team effectiveness, employee engagement and resource development.
- Attend Bancorp sponsored and other training to build industry knowledge and technical capabilities.

## Additional Responsibilities for Senior Auditor:

- Develop audit scope and objectives, risk and control assessments, work programs, and other deliverables of audit work.
- Delegate responsibilities to audit staff members, and review audit work papers providing coaching feedback on work prepared by staff auditors.
- Communicate information to management through presentations and internal audit reports.

## Job Requirements:

- Bachelors degree required; Computer Science or Management Information Systems preferred. Other related academic majors (e.g., Accounting or Audit) should be accompanied by relevant experience in IT or IT Audit.
- Encouraged to pursue CISA certification and/or related professional certifications such as CISSP, CPA or CIA.
- IT or Financial services industry experience and/or public accounting firm experience desirable.
- Proficient with MS-Windows and other related PC applications. Possess the desire and ability to learn mainframe and distributed applications as well as automated data analysis tools and Techniques
- Strong written and verbal communication skills required.
- Senior candidates will demonstrate coaching, leadership and project management skills.

# Job Opportunities

**Company:** Fifth Third Bank

**Position:** Senior IT Risk Analyst (one openings)

**Location:** Cincinnati, OH

## About the Company :

Fifth Third Bancorp is a diversified financial services company headquartered in Cincinnati, Ohio. As of December 31, 2014, the Company had \$139 billion in assets and operated 15 affiliates with 1,302 full-service Banking Centers, including 101 Bank Mart® locations, most open seven days a week, inside select grocery stores and 2,638 ATMs in Ohio, Kentucky, Indiana, Michigan, Illinois, Florida, Tennessee, West Virginia, Pennsylvania, Missouri, Georgia and North Carolina. Fifth Third operates four main businesses: Commercial Banking, Branch Banking, Consumer Lending, and Investment Advisors. Fifth Third also has a 22.8% interest in Vantiv Holding, LLC. Fifth Third is among the largest money managers in the Midwest and, as of December 31, 2014, had \$308 billion in assets under care, of which it managed \$27 billion for individuals, corporations and not-for-profit organizations. Investor information and press releases can be viewed at [www.53.com](http://www.53.com). Fifth Third's common stock is traded on the NASDAQ® Global Select Market under the symbol "FITB."

## Job Description:

This position is responsible for implementing information technology risk management strategies identified by the IT Risk Manager. In this role, the Senior IT Risk Analyst will be assigned overall responsibility for key areas and will have accountability for proper planning, prioritization and execution of supporting IT risk responsibilities. This position is responsible for hands-on execution of control/risk assessments and the development of control enhancement recommendations.

## Specific Responsibilities:

- Support the IT Risk Manager in the execution of responsibilities to conduct risk assessments, implement self-assessment programs, perform technical research on risk topics, and other activities that support risk management goals for the IT Division. Some of the primary responsibilities include:
  - Support the IT Risk Manager on the implementation of information technology risk management strategy and operating priorities.
  - Support the integration of the IT Risk Management practices into key Information Technology and business areas.
  - Build effective relationships with key individuals who own and support processes you are responsible for evaluating, including the appropriate line-of-business risk managers.
  - Perform ongoing planning and prioritization of key projects and activities to ensure that resources are applied to the most critical areas. Communicate with the IT Risk Manager, as needed, to ensure proper prioritization and management of workload.
  - Participate on projects and ensure that key IT risks are being adequately addressed. Coordinate with project managers to ensure that issues are identified, action plans are in place and that PLC requirements are being met.
  - Perform risk assessments on key IT processes or assets, identify vulnerabilities and propose solutions to mitigate risk. Perform due diligence and risk assessments on IT service providers.
  - Work with IT areas in developing an effective self-assessment process for proactively identifying risks associated with processes, applications and technical infrastructure components.
  - Support compliance with applicable regulations, which include, but is not limited to the following: the FDIC Improvement Act, the Sarbanes-Oxley Act of 2002 and the Gramm-Leach-Bliley Act of 1999.
  - Support the resolution of Internal Audit, regulatory, or Risk Management related issues that could impact the confidentiality, availability or integrity of data or processes.
  - Create effective risk assessment documentation supporting work performed, including formal communication on risk assessment results. Be able to deliver effective presentations to management on summary of work performed and findings.
-

# Job Opportunities

.....Continued from page 13

**Job Requirements:**

Two to four years of information technology experience required. Desired experience should include a foundation in IT security and controls. While experience in a number of IT disciplines may provide a solid framework for this position, hands-on results from performing IT risk assessments, information security consulting or IT audits are most beneficial. At least one relevant technical or professional certification, such as CISA or CISSP, is required.

Bachelor's degree required, preferably in computer science or information systems. Must possess excellent written and verbal communication skills, with a proven track record of interacting effectively with end-users and technology professionals. Able to work on multiple projects concurrently, manage time effectively and require minimal supervision in the execution of IT Risk Analyst responsibilities. Must possess strong analytical capabilities and have a desire to learn new things. Less than 10% travel required.

## CGEIT Review Manual 7<sup>th</sup> Edition

### ISACA

The *CGEIT® Review Manual 7<sup>th</sup> Edition* is designed to help individuals prepare for the CGEIT exam and understand the responsibilities of those who implement or manage the governance of enterprise IT (GEIT) or have significant advisory or assurance responsibilities in regards to GEIT. It is a detailed reference guide that has been developed and reviewed by subject matter experts actively involved in GEIT worldwide.

The *CGEIT® Review Manual 7<sup>th</sup> Edition* offers any easy-to-use format, organized to assist candidates in understanding essential concepts and studying for the exam following the [CGEIT job practice areas](#). The manual also features commonly used terms and definitions, self-assessment questions and answers and resources for further study. It can be used alone or in conjunction with other CGEIT exam prep publications or review courses. The manual can also be used as a desk reference for GEIT professionals.

**ISACA Members and Non-Members can purchase a hard copy or download the eBook at the following prices:**

**Members-** Downloadable Book Format for US \$85.00 each

**Non-members**—[Join ISACA today](#) to get your \$85.00 Book, or purchase the book for US \$115.00 each.

## How to Earn and Report CPE

**Did you know that ISACA certified members can earn up to 72 FREE CPEs per year!**

ISACA offers opportunities to earn CPE through participation in a variety of programs and events. Several of these choices are listed below with specific instructions.

**Webinars and Virtual Conferences:** Up to 36 free CPEs per year. CPE quizzes are for members only.

**Journal quizzes:** Earn one CPE for each of six [journals](#) per year. 6 FREE CPEs per year

**Serving as an ISACA Volunteer:** Participate on an ISACA or ITGI board, committee, task force or as an officer of an ISACA chapter, and gain one CPE credit (up to 20 per year) for each hour of active participation. (Consult Qualifying Educational Activities for CISA, CISM, CGEIT and CRISC members.) 20 FREE CPEs per year

**Mentoring:** Earn one CPE for each hour of mentoring efforts directly related to coaching, reviewing or assisting an individual with CISA/CISM/CGEIT/CRISC exam preparation or providing career guidance through the credentialing process. 10 FREE CPEs per year

**TOTAL Possible FREE CPEs for ISACA Certified Members:** 72 FREE CPEs per year

### How to Report CPEs in your Profile

CPEs are reported annually during the renewal process. CPEs earned in the current year may be entered in your profile once the next year's renewal period opens. Reporting of CPEs can be done online or by submitting the information on the annual renewal invoice.

To update CPE hours through the ISACA website, log on using your personalized log in credentials and follow the steps below.

Click on the **MY ISACA** tab at the top of the page

Click on the **MY CERTIFICATIONS** tab

Click on the **EDIT MY CPE Hours** link

The CPE reporting is located on the My Demographic, Certification CPE and Other Information tab. Scroll to the bottom of the page to view and edit the appropriate CPE fields. If you do not see a CPE section, CPE hours are not being accepted or you are not required to report CPEs yet.

Enter CPE hours – then click **SAVE** at the bottom of the page

**For more information about the specific Continuing Professional Education (CPE) requirements for your certification, please see the following [link](#).**

## Editor's Corner
