“TRUST, SECURITY, AGILITY: Businesses Better Prepared for Tomorrow, Today” conference line up released

ISACA Ireland conference to be held in Dublin Ireland on 23rd October 2015

Once again Croke Park will play host to an impressive line-up of thought leaders and practitioners in the fields of information systems audit, cybersecurity, risk, privacy, DevOps / Application Security & enterprise governance from Ireland and across the globe on the 23rd Oct 2015. “This year’s conference theme is TRUST, SECURITY, AGILITY: Businesses Better Prepared for Tomorrow, Today”. It will focus on helping our business partners to be dynamic and faster in meeting their goals in a well-managed way; against the backdrop of ever evolving risks and positive disruptive technology challenges.” said Neil Barlow, Conference Chair.

Talks given at the conference will be under six themes: IT Assurance, Cybersecurity/Information Security, Risk Management, Privacy Management, DevOps/Application Security and Enterprise Governance. Details of keynote speakers and topics have yet to be released but already the conference boasts a fantastic programme of non-commercial presentations relevant to the profession:

- 8 security lessons from 8bit gaming
- A Case Study: Standard Bank’s journey into security and DevOps.
- A Question of Trust
- Are you ready? The hitchhiker’s guide to the integration of privacy and security
- Getting Started With GEIT
- How to Make Rubbish risk Decisions
- How to talk about IT Governance with your boss in the elevator?
- Increasing Your Audit Relevance Using COBIT 5
- Is Protecting the Balance Sheet Really Enough?
- Legal solutions to technical privacy problems.
- Making friends with Internal Audit!
- My Data My Responsibility
- Lessons Learned From Implementing One of the World’s First Cyber Defense Management Regulations in Israel
- Role of Information Security Professional in tackling terror
- Shadow IT risk - empirical evidence from multiple case studies
- Threat Modeling: Finding Security threats Before They Happen
- Understanding Today's Mobile App Store Ecosystem and Why You’re at Risk
- What we missed at the data centre audit

Sponsored by BCC Risk Advisory, Espion, ICON, Citi, Certification Europe, Seven Technologies Group & Sysnet Global Solutions this one day event is open to ISACA members as well as non-members. This conference promises to offer excellent education opportunities, the chance to network with fellow professionals, valuable insights into present and future trends as well as a full day of CPEs for members of professional bodies.
ISACA Ireland Chapter President Neil Curran has said “The conference is an exciting opportunity for delegates to learn and brainstorm with thought leaders on the evolving challenges which our business partners face. Given the high calibre of local and international expertise, innovative insights and hands on experience the speakers will share, we expect delegates will leave inspired and equipped to put the business first.”

Notes to the editor

**About ISACA Ireland**

ISACA® ([www.isaca.org](http://www.isaca.org)) is a non-profit, global membership association for IT and information systems professionals. It is committed to providing its diverse constituency of more than 140,000 professionals in over 200 chapters worldwide with the tools they need to achieve individual and organizational success. Established in 1969, ISACA is the trusted source of knowledge, standards, networking, and career development for information systems audit, assurance, security, risk, privacy and governance professionals. ISACA offers the Cybersecurity Nexus™, a comprehensive set of resources for cybersecurity professionals, and COBIT®, a business framework that helps enterprises govern and manage their information and technology. ISACA also advances and validates business-critical skills and knowledge through the globally respected Certified Information Systems Auditor® (CISA®), Certified Information Security Manager®(CISM®), Certified in the Governance of Enterprise IT® (CGEIT®) and Certified in Risk and Information Systems Control™ (CRISC™) credentials.

ISACA Ireland is one of the most vibrant and active chapters in the world constantly striving to deliver value to its 600 members from across the island. The chapter aims to sponsor local educational seminars and workshops, conduct regular chapter meetings, and help to further promote and elevate the visibility of the IS audit, control and security profession throughout the island of Ireland. The annual conference is the prize gem of the event calendar and is not to be missed.
